

PUBLISHED RATES · 2026

Rate card.

What Suubi Media charges, in public, so nobody has to guess or ask twice. Every project starts at \$1,000. Everything below that number is a favour, not a rate.

These are starting prices. A quote moves up from here based on hours, deliverable count, how much usage the client needs, and whether the moment can be reshot. It does not move down without the scope moving with it.

Why there is a floor. A four-hour shoot is never four hours. It is the call, the scouting, the drive, the shoot, the backup, the cull, the edit, the delivery and the revision. The floor is the number below which the job costs more to do properly than it returns, and doing it improperly is not on the menu.

HOW DISCOUNTS WORK HERE

They are always visible and always named. The standard rate stays on the paperwork, crossed out, next to the courtesy price, with one sentence saying why — first booking, multiple dates, off-season. The client sees exactly what they saved, and the standard rate becomes the written anchor for the next job.

Booking & payment

- **50% at signing** holds the date. The date is not reserved until it lands.
- **Balance on or before delivery.** Final gallery releases when it clears.
- Zelle, Venmo or bank transfer. Card by request with a 3% processing fee.

Delivery

- Preview set of 3–5 finished frames within **48 hours** of the shoot.
- Full photo gallery in **7–10 business days**. Film in **10–14**.
- One revision round included, requests due within 14 days.

Cancellation

- Deposit is non-refundable. Cancel and nothing further is owed.
- One free reschedule with 14 days notice; the deposit transfers.
- Within 14 days of the date, 50% of the total is due.
- If Suubi cannot perform, a replacement is sourced or every dollar is refunded.

Rights

- Suubi Media holds copyright. The client gets a perpetual licence for the use described in their contract.
- Business clients get full marketing use including paid advertising. Private clients get personal use, upgradeable.
- No reselling or sublicensing to sponsors, venues or third parties without written permission.
- Portfolio rights are retained, with a written opt-out available for private and sensitive events.

Rates are reviewed every January. A quote you have in writing is honoured for **30 days** from the date it was sent, whatever happens to this card in the meantime.
